

Happy 2023!

## Description

Please accept the [#Finest](#) & Most [#Resolute](#) Wishes for 2023 !!! by the [House of Ethics](#). With [#focus](#) on the word "[#Resolution](#)". ?

What does "resolution" hide? Different meanings for sure. Resolution in [#optics](#) or resolution in [#ethics](#)? Both being naturally intertwined, as usual... ?

A sharp view? A thrilling horizon? Evolution? Clairvoyance? Courage? Determination? Choices?

We have compiled several views on resolution to kick off this new week of this new, hope-laden 2023!

\_\_\_\_\_

Oscar Wilde "There is a fatality about good resolutions – that they are always made too late" ?

\_\_\_\_\_

Agatha Christie "Courage is the resolution to face the unseen" ?

\_\_\_\_\_

François de la Rochefoucauld "Il faut tenir à une résolution parce qu'elle est bonne, et non parce qu'on l'a prise." ? (One should stick to a resolution because it is good, not because one has decided to.)

\_\_\_\_\_

Soren Kierkegaard "But the life of freedom requires a beginning, and here a beginning is a resolution, and the resolution has its work and its pain – thus the beginning has its difficulty." ?

\_\_\_\_\_

Ernest Hemingway "I may not be as strong as I think, but I know many tricks and I have resolution." ?

\_\_\_\_\_

Salvador Dalí "At the age of six I wanted to be a cook. At seven I wanted to be Napoleon. And my ambition has been growing steadily ever since." ?

To a wonderful 2023 high in colors and resolutions. Looking forward to your much appreciated company, dear friends, guests, followers, newcomers, and lovely [#ethical](#) souls.

All the Very Best! ?
